WATER WELL REGISTRATION AND VERIFICATION REQUEST

GENERAL INFORMATION

Ojai Basin Groundwater Management Agency (OBGMA or Agency) requires all groundwater extraction facilities within its jurisdictional boundaries to be registered with the Agency. No extraction facility may be operated or otherwise utilized so as to extract groundwater within the boundaries of the Agency unless the facility is registered with the Agency, equipped with a water meter, and all extractions are reported to the Agency as required by OBGMA Ordinance No. 8. In addition, pursuant to Governor Newsom's Executive Order N-3-23, Paragraph 4a, all non-exempt proposed new or modified extraction facilities located within the boundaries of the Ojai Valley Groundwater Basin (DWR Bulletin 118 Basin No. 4-002) require written verification from the Agency prior to issuance of a well permit by the Ventura County Public Works Agency. The written verification must find that groundwater extraction by the proposed well would not be inconsistent with the Agency's Groundwater Sustainability Plan (GSP) for the Ojai Valley Groundwater Basin, and would not decrease the likelihood of achieving any of the sustainability goals the Agency has established for the Basin pursuant to the GSP.

ALL WELLS MUST HAVE A METER INSTALLED PER OBGMA ORDINANCE NO. 8
